Source Data for the Official Soil Survey

Hyde County - General

The traditional final product of first generation soil survey mapping has been the soil survey publication. Each publication included soil map unit descriptions, series descriptions, tables of information (attributes), and maps. One copy of this publication is retained at the USDA Service Center, NRCS Field Office, and designated as the "Official Copy". This official copy was established to maintain the most current soil information for a survey area.

The Hyde County soil survey was published in 2001. The soil survey manuscript is also available from this site in Adobe PDF format. The official source of soil data is the NASIS database and the digital spatial data (SSURGO). The SSURGO tabular and/or spatial data may be downloaded from:

<http://soildatamart.nrcs.usda.gov/Download.aspx?Survey=NC095&UseState=NC>

A web based set of data is also available. Interpretations and data may be accessed at:

<http://soildatamart.nrcs.usda.gov/Report.aspx?Survey=NC095&UseState=NC>

Copies of the published soil survey are available from:

WASHINGTON FIELD OFFICE

TELEPHONE: (252) 946-4989 **FAX:** (252) 946-2501

Mailing Address: Agricultural Service Center, 155C Airport Road
Washington, NC 27889-9684
